

## Early Set-up on the first day of Troll : Thursday July 29, 2021

1. When troll opens on Thursday, two lines will be formed with the land agent line receiving priority. All others (including merchants that are not land agents) must join the secondary line, and wait for openings in the first line to occur, until all land agents have been processed.
2. Once you have trolled in, please check-in at the Merchant Office, across the street from Troll, to complete your check-in and also to receive your merchant tag. (This tag permits you to access the merchant area.) Please review the Merchant Rules & Reg sheet (see pdf file in your merchant online account) for additional information regarding early set-up.

Thank you,

The Merchant staff
